Thursday, November 6, 2014

Murray B. Stein, M.D., MPH
Distinguished Professor of Psychiatry and Family and Preventive Medicine
University of California San Diego

Presentation:
“Posttraumatic Stress Disorder and Other Wounds of War”
Mr. William K. Warren, Jr., Chairman Emeritus of the William K. Warren Foundation, received a Bachelor's Degree in Business from the University of Notre Dame in 1956, where he served as president of his senior class. He and his wife, Suzanne, live in Tulsa, Oklahoma. Mr. Warren currently serves as Chairman of The William K. Warren Medical Research Center and of the Board of Warren American Oil Company. He is also a board member for numerous companies and universities. His vision led to the creation of the world-class Laureate Psychiatric Clinic and Hospital and the Laureate Institute for Brain Research.

Prevention and cure of mental illness tops the list of Mr. Warren's primary medical research interests and concerns. In 1992, Mr. Warren received the Nathan S. Kline Medal of Merit from the International Committee Against Mental Illness at the World Health Organization meeting for his commitment toward improving patient care, medical education and research in mental illness. In 1997, he and Suzanne received the Cole Award of Excellence from the Alzheimer’s Association for their philanthropy, and in 2001 they were honored for their efforts on behalf of the Mental Health Association in Tulsa.

This conference series bears Mr. Warren’s name and is dedicated to him in recognition of his long-range vision for medical research and his continuous provision of research support to improve the health of all people, particularly those with mental illness.
Murray B. Stein, M.D., MPH, is Distinguished Professor of Psychiatry and Family and Preventive Medicine and Vice Chair for Clinical Research in Psychiatry at the University of California San Diego (UCSD), where he directs the Anxiety and Traumatic Stress Disorders Program. He is also a Staff Psychiatrist at the VA San Diego Healthcare System. Dr. Stein graduated from the University of Manitoba and completed his residency and post-residency fellowship at the University of Toronto and at the National Institute of Mental Health in Bethesda, Maryland. He subsequently completed a Master of Public Health degree at the Johns Hopkins University Bloomberg School of Public Health in Baltimore, Maryland.

Dr. Stein’s research interests include the epidemiology, neurobiology and treatment of anxiety disorders especially social phobia, panic disorder and posttraumatic stress disorder. He has written or co-written over 500 peer-reviewed scientific articles on these topics, including in journals such as Journal of the American Medical Association, The Lancet, American Journal of Psychiatry, and JAMA Psychiatry. He is co-editor, with Martin Antony PhD, of the Oxford Handbook of Anxiety and Related Disorders (2009). His federally funded research has included studies of interventions for anxiety disorders in primary care, pharmacological approaches to treatment-resistant anxiety disorders and functional neuroimaging research in anxiety and trauma-related disorders.

Three Learning Objectives:

1. Familiarize learners with the epidemiology of posttraumatic stress disorder (PTSD)
2. Enable learners to be familiar with the role of injury in PTSD
3. Familiarize learners with new theories of the role of inflammation in PTSD
Laureate Institute for Brain Research currently houses a multidisciplinary team of scientists and clinical research staff who will apply neuroimaging, genetic, pharmacological and neuropsychological tools to investigate the biology of neuropsychiatric disorders. The Institute’s creation was supported by the William K. Warren Foundation for the purpose of conducting studies aimed at developing more effective treatments or prevention strategies for these disorders. The studies will be led by scientists from a range of backgrounds, including physics, cognitive neuroscience, psychology, psychiatry, developmental neuroscience, computer science and genetics.
Accreditation

Physicians: Saint Francis Health System is accredited by the Oklahoma State Medical Association to sponsor continuing medical education for physicians.

Saint Francis Health System designates this live activity for a maximum of 1 AMA PRA Category 1 credit™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Psychologists: The Oklahoma State Board of Examiners of Psychologists recognizes AMA PRA Category 1 credit(s)™. Each activity is designated 1 AMA PRA Category 1 credit™.

Social Workers: Saint Francis Health System Department of Education, Tulsa, Oklahoma, is accredited as a provider of continuing education for social workers by the Board of Licensed Social Workers, State of Oklahoma (provider number 20140007), (1.0 contact hour)

LPC’s and LMFT’s: Application has been made to the State Board of Behavioral Health Licensure (BBHL) for 1 hour of CE.

CADC’s and LADC’s: Laureate Psychiatric Clinic and Hospital is accredited as a provider of continuing education programs for CADCs and LADCs through the Oklahoma Board of Licensed Alcohol and Drug Counselors. (1.0 hour)

Emergency calls should be directed to (918) 494-1190.
Parking
The presentations will be held in the Laureate Conference Center, 6655 South Yale. Visiting participants can park on the south side of the Outpatient Clinic Building and in the northwest lot of the Warren Clinic Tower (6600 South Yale). Shuttles will be provided to take participants to and from the conference.

Registration
11:00 a.m. – Registration (Lunch will be provided ONLY to those who have registered.)
12:00 p.m. – 1:00 p.m. Presentation
• All conferences will be held at the Laureate Conference Center.
• There is NO attendance fee.
• Registration is required one week prior to each presentation date.
• To register, complete and mail or fax the registration form to address below.
• Copy this form for each registration.

I will be requesting continuing education for (check one):
____ Physicians  ____ Psychologists  ____ LPC’s/LMFT’s
____ Social Workers  ____ CADC’s and LADC’s

Please enroll me in the following presentation:
Presentation Title: ____________________________ Date: ____________________________
Name (please print): ____________________________ Title: ____________________________
Daytime Phone: (      ) ____________________________ Affiliation: ____________________________

In accordance with the Americans with Disabilities Act, please advise us if you require special needs or accommodations. Notice must be received in writing one week before the conference date. You may fax your special need to ATTN: Karen Cochran at 918-494-5446.

Call, Fax or Email Registration Information to:
Karen Cochran • Phone (918) 494-6490 • Fax (918) 494-5446 • Email: kecochran@saintfrancis.com

The Warren Medical Research Center is the sole sponsor of the William K. Warren, Jr. • Frontiers in Neuroscience Conferences.
There is no pharmaceutical industry support.
This is held in affiliation with the Laureate Institute for Brain Research.
